

# ProSpray™

Pool Area: How To Use

# 1

## Handrails

ProSpray is perfect for handrails because it will not leave a sticky or slick residue.

# 2

## Outdoor Furniture

**Non-alcohol active** formula is safe on all types of surfaces and will not dry out or damage the wide array of materials used.

# 3

## Pool Equipment

Commonly used items like pool cleaning and safety equipment are used by many people. ProSpray will disinfect and clean in 5 minutes or less!

# 4

## Tables

Great for a common gathering place. ProSpray has a pleasant lemon scent while inactivating the harsh germs that can accumulate.

## ProSpray™ Surface Disinfectant / Cleaner

Ready to use liquid is safe and convenient, no dilution issues. Disinfectant / cleaner with broad spectrum activity against a wide variety of organisms. Great for high touch surfaces to inactivate dangerous viruses and bacteria.
